

RPG 2023

The 12th International Conference on
Renewable Power Generation

14-15 October 2023
Shanghai, China

CALL FOR PAPER

ABOUT CONFERENCE

RPG series conference is aimed at bringing the world leading researchers, academics, and industry and business leaders to meet and share the most advanced information, technologies as well as the latest research results in the renewable power generation sector. And we are happy to announce that the 12th IET Renewable Power Generation Conference (RPG 2023) is coming back to China again, co-organizing with **Shanghai Jiao Tong University**, to be held on **14-15 October 2023** in **Shanghai, China**. The conference is supported by a committee of international scholars and researchers as well as the editorial board members from [IET renewable Power Generation Journal](#) thus ensuring the high-level standard and quality.

As China government eased the travel restriction caused by Covid last December, we are excited to welcome delegates from in and abroad.

BENEFIT OF SUBMITTING

The IET guarantees that all successful authors will:

- Have their paper published in the conference proceeding
- Have their final paper published on IET Digital Library
- Have their paper indexed by IET Inspec, IEEE Xplore and submitted to Ei Compendex for consideration for indexing
- Around 30 papers from the conference will be awarded 1st, 2nd, and 3rd prize and will be invited to submit an extended version to [IET renewable Power Generation Journal](#).

If no email is received after the author notification date, please check your junk email inbox or log in the submit system to confirm the status of your paper.

For full paper submission process, please check on the RPG 2023 website on a later stage.

TECHNICAL SCOPE

A. WIND TECHNOLOGY

B. PV SYSTEMS TECHNOLOGY

C. BATTERY AND ENERGY STORAGE SYSTEMS (BESS)

D. OTHER RENEWABLE ENERGY SOURCES

E. SMART CITY

F. GRID INTEGRATION, TECHNOLOGIES, COMPLIANCE AND ASSESSMENTS

G. IT AND AUTOMATION INTEGRATION

H. RENEWABLE ENERGY POLICY AND MARKET INTEGRATION

I. ALTERNATIVE APPROACHES TO INTEGRATION
